

“Jackpot” 1985 Cape Dory Typhoon Senior

Asking price: \$5000

L.O.A.:	22' 5"
L.W.L.:	16' 6"
Beam:	7' 5"
Draft:	3' 1"
Displacement:	3,300 lbs.
Ballast:	1,700 lbs.
Sail Area:	245 sq. ft.
Designer:	Carl Alberg
Years Built	1984 - 1987
Nr. Built	57

4 SAILS: Professionally maintained annually: checked, washed, cleaned, restitched. Jib and Main halyards replaced in 2019.

Mainsail, almost new. Made by Squeteague sailmakers in 2020 with built in Dutchman system. Used for two years.

Jib sail, built by Harding Sails in Mattapoisett. 12 -13 years old. Roller furling working jib with sun screen chafe protection. Roller furling mechanism installed in early 2000's with subsequent furling line-changes as suggested by service providers.

Third sail: Drifter-reacher sail that comes up by way of jib halyard.

Back-up Mainsail: Original sail, maintained annually while in service, kept as back-up.

Last sailed in Summer 2021.

ENGINE: Tohatsu 6 HP, four stroke, with lines and tank. Purchased new in 2016; low usage as auxiliary only. Motor sits in well. Gas tank sits in on shelf in well under hatch at stern of boat.

ELECTRONICS & ELECTRICAL: wired for bow light, stern light, mast light, interior lights for cabin and v-berth. Vessel was only used for day sailing, so existing panel has not been used for many years and is probably in need of restoration.

VHF Marine Radio in working order. Needs battery and wiring to battery. Mounting bracket is in main cabin. Antenna for masthead connection to radio in place.

CUSHIONS: Interior cushions for main cabin and V-berth, and also for cockpit seats. Serviceable condition.

DANFORTH ANCHOR, with chain, and anchor rhodes, appropriate to vessel.

Four life preservers.
